# THE WORLD OF LOVE PISTOLS

## A subsection of humankind with lingering animal DNA = zoomanity

Zoomanity is descended from reptiles and mammals other than monkeys. Because of the fragility of their genetic material, it is difficult for them to reproduce. In order to preserve lineages, arranged marriages, purchase of seed for breeding programs, and even reproduction between homosexual couples is increasingly meticulously planned.

## Non-zooman humans are unaware of the zooman societal system

Zoomans generally call average humans "monkeys." While normal humans live on unaware of the presence of zoomans in their society, there are many who are susceptible to special zooman pheromones.

## They can forget themselves and transform into animals

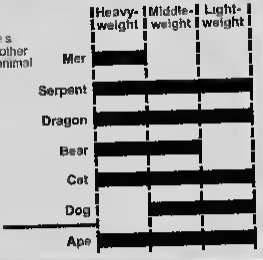
The general habit is to use a blinding ability to hide one's **true soul** or form. However, in moments of passion or other strong emotions, the human form can give way to the animal.

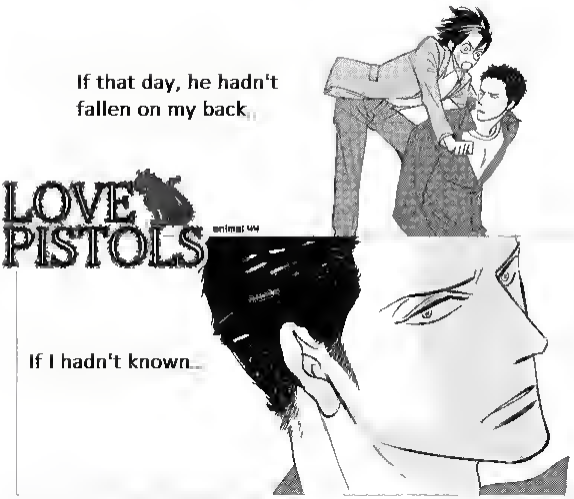
## A Stratified Society

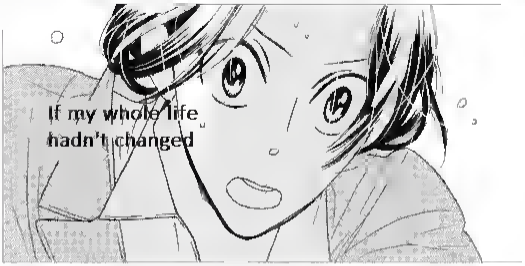
Among zoomans, the rare breeds known as **heavyweights** are considered the elite, the celebrities of all celebrities. They possess both high status and wealth.

## A World Where Love Wins

Zooman society is one where duty trumps romantic love. However, the protagonists of this story have resolved to at least strive confusedly towards love. No matter what the obstacles, they will overcome anything for love.



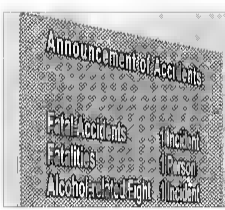




It would be spending my time to defend my position as successor to the Madarame, Driving the clan and extending its influence across the nation without mishap

Top of control

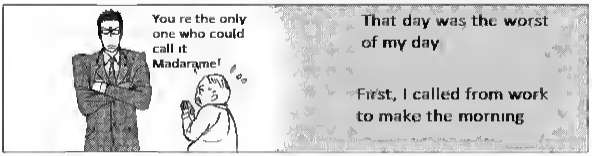
Everthing in my hands
going, exactly,
according to plan



The people of this
country live and die at
my will

The scythe to out the
time of their lives would
have it in my hands.

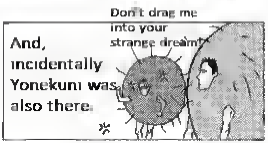
That's how it should have been



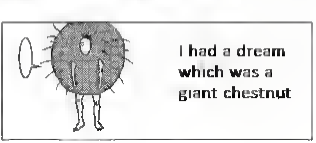
You re the only one who could call it Madarame!
That day was the worst of my day
First, I called from work to make the morning

I came home without eating and took a nap on the couch
Thank you
You really saved me Madarame Here s some sandwiches take them home and eat them

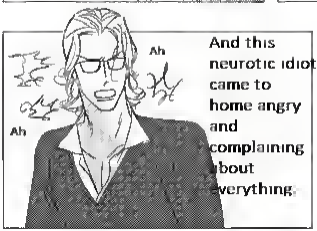
I ve never been so cold
I spent four hours in the food warehouse ordenng the stock
He doesn't like less than 4°f
You re the only one in all the stuff who can do this Madarame



Don't drag me into your strange dream!
And, incidentally Yonekuni was also there.

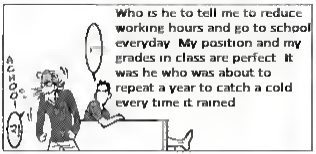


I had a dream which was a giant chestnut



Ah
Ah
And this neurotic idiot came to home angry and complaining about everything.

I awoke from that stupid dream and gross..



Who is he to tell me to reduce working hours and go to school everyday My position and my grades in class are perfect It was he who was about to repeat a year to catch a cold every time it rained
ACHOO!

It's a pain in the ass
The whole thing is just a nuisance
Does anyone can take care of this monkeys
Not even you can hide your true appearance in front of me!
FLINCH
FLINCH
They even are monkeys, and still-
It's as if to get out of my way to see this
Tense

Choosing to anyone who wants as a companion?
Finding a match between this riffraff?
The only people who seem normal are heavy seeds or "middle seed" someone who can control himself
Keep your distance
To find my other half?

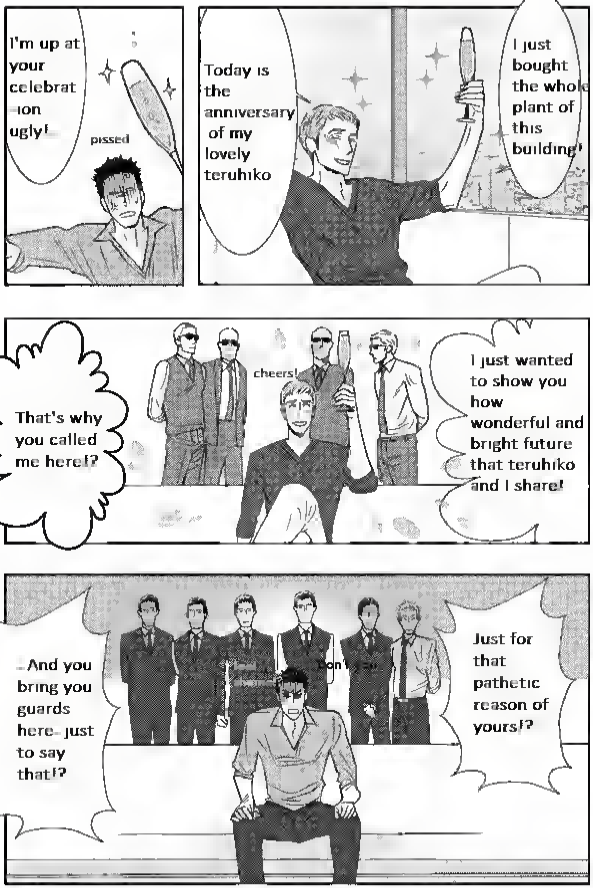
That is an absurd request in this pathetic world

There's no way you can choose
Right now even if his personality was horrible, I don't care what's inside while he looks a human

That stupid day, I met him

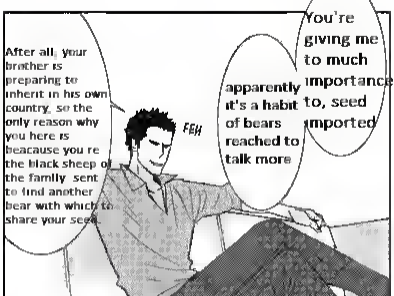
Hey!, you!
You are completely naked!

So you're back to japan
Go to your home, in your homeland!
Go back to your own country, bear of shit!



I'm up at your celebration ugly!
pissed
Today is the anniversary of my lovely teruhiko
I just bought the whole plant of this building!
That's why you called me here!?
cheers!
I just wanted to show you how wonderful and bright future that teruhiko and I share!
And you bring you guards here just to say that!?
Just for that pathetic reason of yours!?

From now on, this country is my territory is under my command
Having the security that "this is my country" is a real nice feeling
And its's yours, man?
This country is not yours
You and I are going to rule in this land
can you believe it?



After all, your brother is preparing to inherit in his own country, so the only reason why you here is beacause you re the black sheep of the family sent to find another bear with which to share your seed
FEH
apparently it's a habit of bears reached to talk more
You're giving me to much importance to, seed imported

You're not who to talk! you stupid bear!
Don't confuse my line glory with one fucking wicked, and rottan like yours! you're a scoundrel whose only use power skill to use intimidation to resolve their problems

since, the principle that has been our destiny
I do not invade their territory and steal what's mine
...and loyalty to my brother
My clan is fair and respectful. I just feel love, respect

so our families have merged on many levels.
this was his wish!
I do not live only for the sake of my family in fact, our families prayed for us to find this overflowing love!
Teruhiko and I were created to meet each other and live together in mutual love
Hey!
All about of Teruhiko is Adorable!
these overflowing overwhelming endless feelings
more beloved !
it can not be nobler , more divine.
Long ago, and teruhiko love and I emerged from a new territory!
Can you understand it?!
we two are so full of love that are in perfect harmony
Speaking of that, how are things with you?
....
it's disgusti -ng.
I do not drag your strange talk for baring hearts.

so that little wimp that does not seem to have a bit of beauty in the...
is a missing link?
That little stupid
what's his name?
Your partner...
I forgot
Luckily for you, your spouse is a beautiful specimen
it may be better for them to be a little silly
even those who survive going straight to hospital
half of them go mad and die from the shock of the moment in which awaken their nature
I've never seen a premium that is so carefree
good for you eh?, high quality seed
It's a fucking trouble!
if your marriage fails
even I will suffer
Don't fuck with this

no I won't cover your mistakes.
do not even dream about it
so how is your precious missing link?
as they met?
he was naked
seriously?!
then the missing links are really like that?!
so the myths that they leave the eden as Adam and Eve are true.
because monkeys do not remember anything about madararui just waking end with little or no clothes.
even they forget to hide their souls.
it is really difficult to teach.
Fu Monky that's crazy

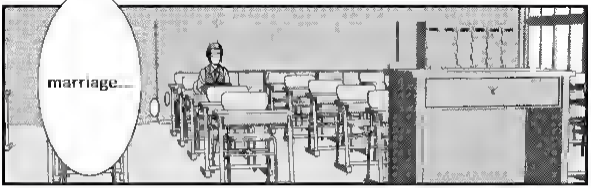
I'm gonna marry him.
in the right way with the ceremony due and solemnity.

but ours is not a loving marriage like yours.

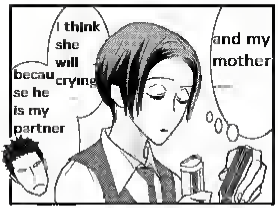
you are right about that
it's silly brash.
innoce -nt..
unconscious

after all he is a specimen that suddenly emerged from his side "mommy" without knowing anything about the madararui
and because of their ignorance , can not properly process things.
he does not have the tools to make a decision of this size.

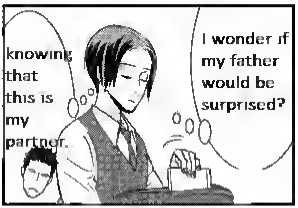
He convinced himself, like everyone else, that this in love with me..
that little idiot..
are you sure you're okay ?
You..



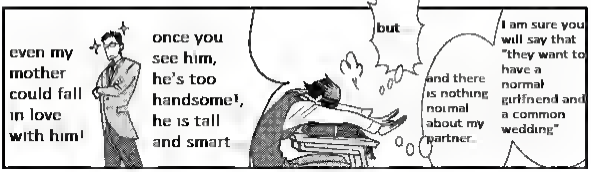
marriage...



I think she will cry because he is my partner...
and my mother...



knowing that this is my partner.
I wonder if my father would be surprised?



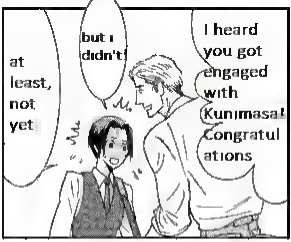
even my mother could fall in love with him!
once you see him, he's too handsome!, he is tall and smart
but
and there is nothing normal about my partner.
I am sure you will say that "they want to have a normal girlfriend and a common wedding"

that Kunimasa is the one for me
I guess...

I can not imagine loving someone more
so I 'd better tell my parents
but not today...
stay with me
I need you
Norio...
I like you
those things that Kunimasa told me back then...

I want to believe in them...
OH!
NORIO!

is that true?
NORIO
your engage to my brother?
not quite yet—



I heard you got engaged with Kunimasa! Congratulations
but I didn't!
at least, not yet

please don't say that Inukai san

i'm still not..
I...
uh, well...
you see..
to be honest I thought I still had a chance.
HIDEKUNI-KUN
when you went back to Japan? you're on vacation?
since my brother has that personality
HI-DE-KU-NI
HO HO HO HO
I am very surprised by this engagement
you're still pretty boring
although I love the exciting stories like this
when you came here for the first time, I thought you were completely boring; and to think that Kunimasa is in love with you!

Kunimasa is in the back.
well you just have to give it your best shot!
WHAT
y-yes?
uhh
Flap
that's really sudden!
th-thump

HMPH

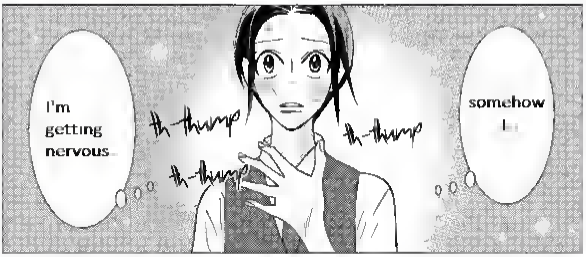
masa-nii is resting in the garden
OH!
thank you



I'm getting nervous...
th-thump
th-thump
th-thump
somehow I...

Kunimasa-san is in the garden
good afternoon!
hello
AH!
tsuburaya-kun!

tsuburaya-kun!

wah!

He has been around everywhere
there's a rumor here, that kunimasa-kun and you are engaged!
ERK
AH!
not yet!
HUH?
when you say "now" your
let's talk about it now!
what did he mean by "now"?!
I couldn't ask!
calm down!
Goong
WHOA
wait
if you'll excuse me!
tsubu raya kun!

So you came.

Apretar
*hug tighten

I will marry you!
you're serious?
I like you
say "I like you"
[you can say I love you in same meaning]

he is really stupid , thoughtless and innocent

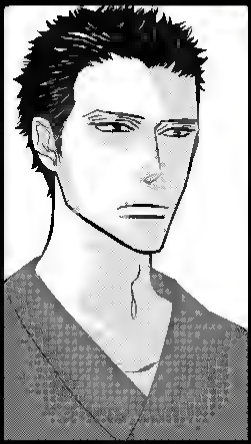
Due to his ignorance, you can not properly process adequately things, he does not have the necessary to make a decision of such a scale.

If you really love you, you have to let him go

If you really love you

then I can't leave this decision to him. for your sake, I have to be the one to decide.

I have to get it!



I have to let him go.
